

It is with great pleasure I am writing this letter from our beautiful dream home, built by Devcorp. When we embarked on this journey we set out with only one thing in mind, building a beautiful quality family home we could live in for the rest of our lives.

Sure we had heard horror stories about delays/problems and budgets being blown. However I am happy to say that being referred and partnering with Devcorp, was the best decision we had ever made.

From the very first meeting your authenticity and transparency set the gold standard in service and the relationship only got stronger from there. The patience, support, responsiveness and availability were unprecedented in the building industry. Which ensured this partnership flowed seamlessly through each phase without delay?

I can't thank you enough for the quality workmanship, honesty and sound advice you gave us during the last 12 months. Your masterful suggestions were paramount to our decision-making processes and we love absolutely everything about our home.

We earnestly advocate Devcorp and the underlying team. They made the building process hassle-free with premium service the entire way through. No other builder has this unique market offering with customized delivery for his or her clients. If you're looking for a high quality build with many years trusted experience – this is the team for you.
